

## **Associate Prof. Dorothy Okello**

Assoc. Prof. Dorothy Okello, is Director of Innovation at ResilientAfrica Network (RAN). RAN seeks to identify, develop and scale innovative solutions that will strengthen the resilience of African communities afflicted by natural as well as man-made shocks and stresses by applying science, technology, innovation and partnerships, and using evidence-based approaches. As Director of Innovation, she is responsible for RAN's innovation projects pipeline development and management,

Dorothy Okello is Associate Professor, Department of Electrical and Computer Engineering, and Dean, School of Engineering, under the College of Engineering, Design, Art and Technology (CEDAT), Makerere University. She is a member of the Uganda Institution of Professional Engineers (UIPE), where she served as President from 2016 – 2018 (being the first female to serve as President). She is also duly registered with the Engineers Registration Board (ERB) of Uganda, and a member of IEEE. Furthermore, she is Founder of Women of Uganda Network (WOUGNET), established in 2000, with a mission to promote and support the use of information and communication technologies (ICTs) by women and women organizations in Uganda.
